4. Maps for CIB

As the result of the DCI's criticism of several maps printed in some recent issues of the CIB, OCI has become quite concerned about the maps appearing in the CIB. No map is to be printed in the CIB which cannot be understood without the text; it must be able to stand alone.

The DDI and ADDI visited OBGI on 28 March, and were briefed by D/BGI and ED/BGI on the NIS Program. On their next visit, it is planned to have them go first to PD; then to as many as possible of the GD branches.
